Re: Vikon Solar Generation Unit - Docket No. 5107¹

Dear Mr. LaVerghetta,

The Rhode Island Public Utilities Commission (Commission) has completed its review of the supplemental documentation submitted on September 25, 2021 and October 22, 2021 on behalf of the Vikon Solar Generation Unit. The documentation received indicates the facility began Commercial Operation on September 24, 2021 and the facility has been assigned the NEPOOL-GIS Asset Identification Number MSS71449.

Commission Staff has determined that the supplied documentation complies with the terms of the conditional eligibility authorized in Order No. 24015. Commission Staff has assigned to the Vikon Solar Generation Unit the unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number RI-5107-N21. Renewable Energy Certificates associated with the production of energy from the Vikon Solar Generation Unit which are minted on or after October 22, 2021 are eligible for the Rhode Island Renewable Energy Standard.

I can be reached at (401) 780-2107 should you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Luly E. Massaro".

Luly E. Massaro
Commission Clerk
